“ *Ms. Betty, I cherish the times we spent together talking about the times when you were growing up. I couldn't drive and you would gladly take me places or I would go with you wherever you needed to go. I loved being your next door neighbor during the time that Tracey was living. Please tell Tracey hello for me and that I love and miss him. I love you Ms. Betty* 🙏🕯️

*Miss Betty Crayton how can I thank you for kindness, friendship and support? There are not adequate words to express my gratitude for all the time and effort you put forth for the love of your friends and our community! I learned so much about patience and quiet but persistent kindness from you. Thank you for your generous spirit and may you now soar with the Angels and be reunited with your loved ones. I will miss your presence, but, again I am so grateful to have known you.*
