“ My childhood friend who lived across the street. WE had such a good time playing house, pretending to be mommies and as we got older, we shared our hopes and dreams of what our life would be after we became adults. Although I've been gone from home for many years, I often saw her when I came home and we'd always be so happy to see each other. I always asked about her when I talked with my sister or mother. I pray for comfort for the family and send my love to each of you

“ Rest in peace Aunt Harriett. About 14 years ago the doctors diagnosed you with congestive heart failure and said you only had 6 months to live. But fortunate for those who loved you, the doctors didn't know how much "heart" you had left to give! Love you and never will forget all that you have done!

“ *Dear Spruill Family,*

There are few things more difficult than dealing with the loss of a loved one. We, along with our staff, are honored and humbled that you have chosen our family to care for your family during this time. It is our hope that we have been able, in some small way, to lighten your burden and give proper reverence to a life lived. Please let us know if we can be of further service.

Respectfully,
